# SECURITY REVIEW

4th Quarter 2023

# WELCOME

Dear Technopark Community,

In our ongoing commitment to keep you informed about security incidents in the area, we are happy to share with you an overview of notable events that occurred in 2023. We also include safety tips and precautions, as well as contact information to report any suspicious behaviour. Finally, we present you with a brief overview of Technopark's security camera positions, and a sample of the Security Patrol Program.

We thank you for your continued vigilance and cooperation to keep the Technopark Stellenbosch community safe!

Ernst Wolfaard  
**Techstel SRA Chairperson**

# NOTABLE SECURITY INCIDENTS

Over the last six months, Technopark's safety and security has remained in good stead compared to that of the greater Stellenbosch region. On-going preventative measures can be attributed to stifling crime barring a few isolated incidents:

## **MAY 11: STOLEN VEHICLE**

On May 11, a Toyota Hilux was reported stolen on Quantum Street. Unfortunately, the vehicle was not recovered.

## **JUNE 12: BREAK-IN**

A break-in occurred at Quantum Street. The burglars made off with two laptops valued at R35,000 and a vending machine worth R25,000.

## **SEPTEMBER 3: STOLEN VEHICLE**

A Toyota Fortuner was stolen from one of the basements. Regrettably, the vehicle was not recovered.

## **SEPTEMBER 6: BUILDING FIRE**

A fire incident occurred at a building on Quantum Street. While no one was injured, property damage can be costly and disruptive.

## SEPTEMBER 11: STOLEN VEHICLE

A second Toyota Fortuner was reported stolen on Elektron Rd. Unfortunately, this vehicle was not recovered.

## OCTOBER 6: BREAK IN

A break-in was reported in Elektron Road. A laptop and Dell screen were stolen.

# TECHNOPARK CAMERA POSITIONS

Technopark Stellenbosch maintains six cameras monitoring traffic moving in and out of the business park. The map highlights each camera's location on the Techno Avenue road.

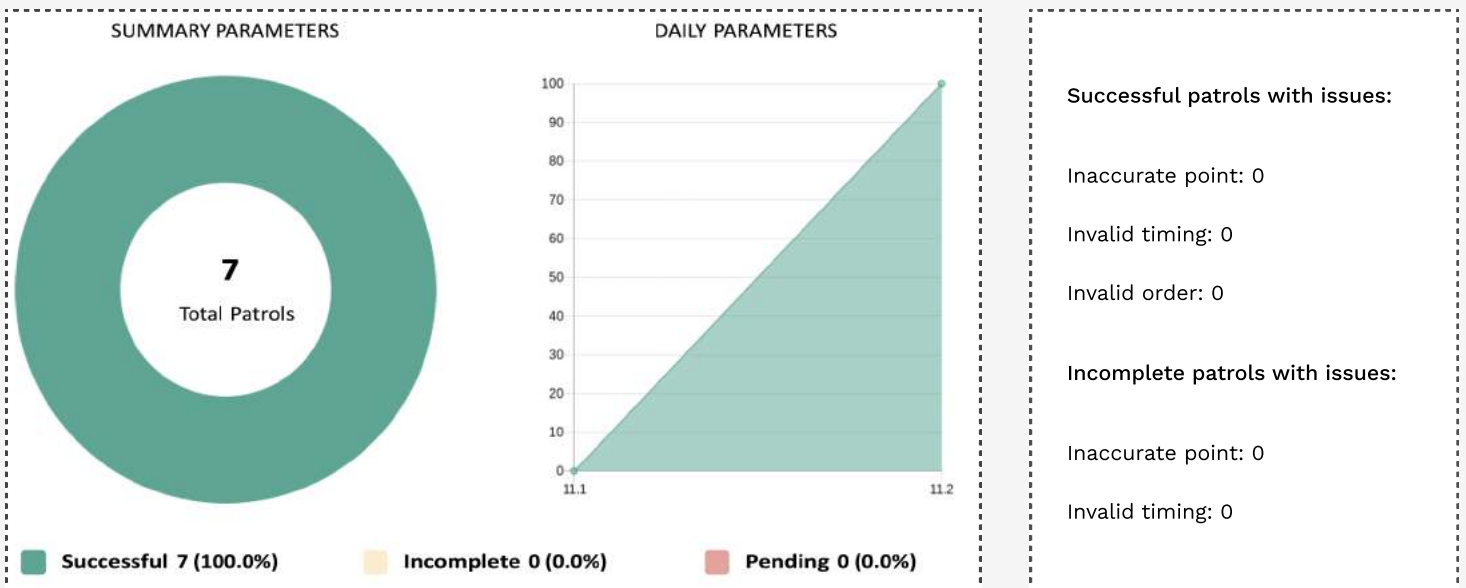

# SECURITY PATROLS

Night patrols are an important means of keeping Technopark businesses and their tenants safe during off-peak hours. Below you can see an example of the report on nightly patrols conducted by ABC Security's 'Mike on a Bike'. There are nineteen check points throughout Technopark Stellenbosch that are checked on an hourly basis.

# SAFETY TIPS & PRECAUTIONS

Keep yourself and the community safe by applying security measures, especially over the festive season. [Download the Techno App](#) and ensure your contact details are up to date.

## BUILDINGS

-  Ensure commercial premises are adequately secured and valuable items are properly safeguarded.
-  Stay vigilant and report any suspicious activity to the authorities.
-  Ensure all windows & doors are closed and locked after hours.
-  Install burglar bars / security gates to deter potential offenders.

## VEHICLES

-  We urge all vehicle owners to take the necessary precautions to secure their vehicles.
-  Do not leave valuable items in a parked vehicle.
-  Be vigilant of the area your vehicle is parked and consider additional security measures.
-  Always adhere to the speed limit.

## FIRE SAFETY

-  Always adhere to fire safety measures and report any potential fire hazards immediately.
-  Ensure all equipment is in working order and serviced.
